Why Shop Online With Us?

Our Web site offers smart, fast, flexible tools to shop our extensive catalog, and enterprise-class purchasing controls.

When you shop on our site, you will keep supplies costs down, comply with procurement policies, and deliver exactly what you need to keep your business running smoothly.

Here are reasons why you will love shopping our site:

1. **User-friendly shopping experience** built on the basis of state-of-the-art technology, extensive market research and substantial feedback from customers like you.
2. Smart, fast **browsing and keyword search** of our extensive catalog, with **intuitive search refinement** by product-specific attributes, such as manufacturer, weight, color and more!
3. Make **informed purchasing decisions** using our catalog's detailed item descriptions, warranty information, alternate product choices and side-by-side comparisons.
4. **QuickOrder by item number** for shopping from a catalog or flyer, with dynamic display of product units and pricing for each entry.
5. Streamlined account **self-registration** for access to more personalized services: favorites, order history, machine matching, price contracts, laundry lists, approval, budgets and more.
6. **Secure, automated password reset** using a security question, in case any shoppers forget.
7. Save the products you use the most in **flexible MyFavorites lists** for speedy reordering.
8. View or print **detailed order history** on various timeframes or levels.
9. Save your printers, copiers, fax and other equipment models once in **MyMachines for precise matching of ink, toner and accessories**.
10. **Shoppers can be locked to pricing contracts** or laundry lists, or restricted from certain lists of items, for solid compliance with corporate or governmental procurement requirements.
11. Build an **order approval hierarchy** to suit your office's needs, with email confirmations and granular abilities to review, deny, adjust, and approve orders and line items as needed.
12. **Budgets** keep control of each department's spending per order, per month, or per year.
13. **Pay outstanding invoices online** via credit card.
14. Individual users can **shop across multiple departments or locations**, so that each line item can be delivered to a separate location and/or attention.
15. **Extended hours access** to shop or manage orders at the convenience of a Web browser.
